

Volunteer Opportunities

Huron Valley Educational Foundation invites interested parents, educators, and community members to become involved as HVEF volunteers.

Educational Foundation Huron Valley Educational Foundation is a nonprofit community-based partnership of public education and private philanthropy. The mission of the foundation is to generate and distribute funds to enable innovative experiences for the students of Huron Valley Schools.

Volunteers are able to work from home, in the White Lake Middle School Office, or where most convenient. Time commitments can vary from periodically to a couple hours a week to daily. Current volunteer opportunities include:

Good Will Ambassador

These volunteers will help HVEF build better relationships with several different groups of stakeholders in the district. Stakeholders include office coordinators, teachers/staff, volunteers, parents/PTA, and community groups.

Grant Liaison

These volunteers will help HVEF tell the story about grants that have been awarded. Each Grant Liaison will work with teachers who have received grants to better understand the impact each grant is having on our students. In turn, help share these stories with parents, teachers, local media and the greater community.

Office Assistant

Working in the WLMS office these volunteers will help with the day-to-day functioning of the office. Tasks include, database management, direct mail communications, and working with our school-to-work interns.

Newsletter Editor

This volunteer will solicit content, write, edit, and layout periodic newsletters. These newsletters will be used in direct mail communications, listserv emails, and web site posting.

Event Assistants

These volunteers will help coordinate and host HVEF events throughout the year. Events include: New Teacher Orientation, Opening (District) Day, in-school events, grant awards presentation, HVS TV Telecasts, anniversary gala, Swing 4 Kids golf outing & auction (w/YMCA), estate planning seminar, and Sneaker Challenge.

If you are interested in participating a little or a lot, HVEF can use your help. Please contact Matt Jenkins, Executive Director at 248-676-8308 or mjenkins@hvef.com
