General Guidelines:

- Virtual/Online classes may or may not involve stringent deadlines. It is up to you, as the student, to follow the schedule to ensure that your class is successfully completed before the end of the semester. **NOTE—the deadline for your class may be earlier than the end of the semester. Be sure to check that date!**
- Your teacher is the online teacher assigned to your virtual/online class. They will be the one that assigns your grade, therefore any questions concerning assignments, etc need to be directed to him or her.
- Per School Board Guidelines, the grade that is given for the course will be one that is documented on your transcript.
- You will be assigned a mentor that will available for proctoring tests, answering general questions, assisting with technical difficulties, etc. It is your responsibility to let him or her know that you need assistance and to make prior arrangements for taking tests.
- Some companies enable parents to create passwords to check on their student's progress. The mentor may also be able to check on the student's progress. If there are any questions on the parent/guardian side, please do not hesitate to call the mentor.
