The term "Class" here refers to all non-seminar classes.

The term "Student" here refers to all non-seminar students.

The term "Teacher" here refers to one full time equivalent non-support staff teacher.

The following were not included in the calculations:

- 1) OTC Students schedules
- 2) 2nd block is slightly longer than the other blocks
- 3) Some students leave campus to take college courses
- 4) Some students are bussed to NHS from the middle schools

All of the above would have the same affect on both school years and therefore would have a negligible effect on the % change from one year to the next.
