AGREEMENT

THIS AGREEMENT entered into this 30th day of August, 2004 by and between the Board of Education of the School District of Ypsilanti, Michigan, hereinafter called the "Board" and the Washtenaw County Education Association, hereinafter called the "Association," representing the Ypsilanti Education Association, hereinafter called "Y.E.A. Unit."

WITNESSETH

WHEREAS the Board and the Association recognize a common responsibility beyond their professional negotiations, and

WHEREAS it is intended that the joint efforts on the part of the Board and the Association will contribute in a significant manner to the advancement of the total educational environment in the School District of Ypsilanti, Michigan, and

WHEREAS the parties, following extended and deliberate professional negotiations, have reached certain understandings which they desire to memorialize,

NOW, THEREFORE, in consideration of the following mutual covenants, the parties hereby agree as follows:

1.000 RECOGNITION

1.100 Recognition of the Association

1.110 Members

The Board hereby recognizes the Association as the exclusive bargaining representative, as defined in Section 11 of Act 379 Public Acts of 1965, for all certified personnel under contract and all personnel under contract employed as nurses, physical therapists, occupational therapists, school psychologists, family specialists, program facilitators, or school social workers but excluding: superintendent, assistant superintendents, directors, assistant directors, business manager, assistant business manager, principals, assistant principals, coordinators, and supervisors employed by the Board (whether or not assigned to a public school building). The term “teacher” when used hereinafter in this Agreement shall refer to all employees represented by the Association in the bargaining unit as above defined.

1.120 Duration of Recognition

The Board agrees not to negotiate with any teachers’ organization other than the Association for the duration of this Agreement.

1.200 Payment of Dues

Upon voluntary written authorization from the teacher, the Board agrees to deduct the regular, periodic, uniform dues of the Y.E.A. Unit, including the Washtenaw County Education Association (W.C.E.A.), the Michigan Education Association (M.E.A.), and the National Education Association (N.E.A.) dues, from the teacher’s regular salary in accordance with the following:

1.210 Individual authorization forms furnished by the Y.E.A. Unit shall be provided by the Personnel Office to each newly hired teacher, each teacher returning from leave and any teacher requesting said form. The completed form shall be returned to the Personnel Office no later than the first Friday in October unless the teacher began work or returned from leave after the first week of school. Such teachers shall return their dues authorization forms to the Personnel Office no later than twenty (20) work days after their date of hire or return from leave.

1.220 The authorization, once filed with the Business Office, shall continue in effect from year to year unless revoked in writing between June 1st and September 1st of a given year.

1.230 The right to refund to teachers monies deducted from their salaries under such authorizations shall lie solely with the Y.E.A. Unit. The Y.E.A. Unit agrees to reimburse any teacher for the amount of any dues deduction made by the Board and paid to the Y.E.A. Unit, which deduction is in excess of the proper deduction, and agrees to hold the Board harmless from any claims of excessive deduction.

211.211 The Unit will, prior to the beginning of each school year, give written notification to the Business Office of the amount of its authorized dues, and those authorized by the W.C.E.A., M.E.A., and N.E.A. which are to be deducted in that school year under such authorizations. The amounts of the deductions for such dues are not subject to change during that entire school year.

1.250 The dues shall be deducted in equal installments from twenty-one pays starting with the first pay of the contract year. In the event a problem arises with the application of this agreement, the parties shall confer and agree to an adjusted schedule.

1.300 Representation Fees

It is recognized that because of religious conviction or other reasons, some teacher may object to joining any organization engaged in collective bargaining. At the same time, it is recognized that proper negotiation and administration of collective bargaining agreements entail expense to the Unit. To this end, all teachers as a condition of employment, shall either:

- 1.310 Elect to join the Unit and pay periodic dues (Y.E.A., W.C.E.A., M.E.A., N.E.A.) by authorizing the deduction of such amounts from his/her salary, or
- 1.320 Pay a service fee to the Association, pursuant to the Association's "Policy Regarding Objections to Political-Ideological Expenditures" and the administrative procedures adopted pursuant to that policy. The service fee shall not exceed the amount of Association dues collected from Association members. The bargaining unit member may authorize payroll deduction for such fee, or
- 1.330 In the event that the bargaining unit member shall not pay such service fee directly to the Association, or authorize payment through payroll deduction, the employer shall, pursuant to MCLA 408.477; MSA 17.277 (7) and at the request of the Association, deduct the service fee from the bargaining unit member's wages and remit same to the Association.
- 1.340 In any case in which a teacher contests the deduction of the service fee under the provisions of this Article, and it is necessary that the Board engage legal counsel, the Association agrees to pay any expenses, including actual attorney's fees incurred by the Board, as well as any and all damages and judgments that may result from such action. It is understood that the Association shall have the authority to select the legal counsel for any action arising from Section 1.330.
- 1.350 Teachers who elect to pay a representation fee in lieu of joining the Y.E.A. Unit and the Association shall be afforded the same representation rights as are extended to Y.E.A. Unit members, except the right to vote in Y.E.A., W.C.E.A., M.E.A., or N.E.A. elections, to hold office in the Y.E.A., W.C.E.A., M.E.A., or N.E.A. and to receive liability insurance coverage through the M.E.A./N.E.A.

1.400 Applicability of Sections 1.200 and 1.300

It is agreed that the provisions of Sections 1.200 and 1.300 apply only so long as the collective bargaining agent remains the Washtenaw County Education Association and it continues to remain unaffiliated with any other labor organization other than its present affiliates and/or does not merge with any other labor organization

1.500 Definition of "Board"

The term "Board" when used hereinafter in this Agreement shall refer to the Board of Education acting as a body or to its agents or employees acting within the scope of their authority.

2.000 ASSOCIATION AND TEACHER RIGHTS

2.100 Public Employment Relations Act

The provisions of this Agreement represent the wages, hours and terms and conditions of employment negotiated between the Board and the Association pursuant to the Public Employment Relations Act, Act No. 336 of the Public Acts of 1947, as amended.

2.200 Association Rights

2.210 Use of School Buildings

The Association and its members shall have the right without charge to use those school buildings and facilities at reasonable hours outside of regular school hours for meetings providing that arrangements are made beforehand with the building principal or appropriate administrator and such use does not interfere with the regular school or scheduled school activities. No teacher shall be prevented from wearing Association/Unit membership insignia, pins or other identification appropriate for normal wear.

Faculty bulletin boards and other established media of communication shall be made available to the Association for official Association business providing such communications are appropriately identified.

2.220 Knowledge of District Financial Resources

The Board agrees to make available to the Association in response to reasonable written requests to the Superintendent public information concerning the financial resources of the district and such other available information as required by law in order for the Association to administer this Agreement or engage in collective bargaining for a new Agreement, together with information which may be necessary for the Association to process a grievance, excluding confidential information in personnel files. The Board also agrees to furnish the Association a copy of the minutes of Board meetings.

2.230 Board Packet

The Board shall provide to the Association a complete copy of the agenda and the non-confidential agenda materials (reports, communications, minutes) in a timely manner before each public Board of Education meeting. In addition, the Board will provide the Association with copies of any additional non-confidential documents that are distributed to the Board by the Administration or the public for discussion at a public meeting.

2.240 Meeting Time

One monthly meeting period shall be set aside for use as determined by the Unit.

2.250 Association Representation

When teacher representation is requested on district committees, the Y.E.A. President may provide additional representatives. The Board shall inform the Association of existing committees and shall notify the Y.E.A. President prior to the formation of any new committee(s). The Y.E.A. President shall be informed of all meeting dates.

2.300 Teacher Rights

- 2.310 Every teacher shall be entitled to rights of citizenship, and no religious or political activities or lack thereof by any teacher outside of school hours shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher.
- 2.320 No teacher shall be reprimanded, disciplined, suspended or reduced in compensation without just cause.
- 2.330 Non-discrimination
- The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, sex, age, handicap, height, weight, or marital status. The Board and the Association pledge themselves to seek to extend the advantages of public education to every student without regard to race, creed, religion, sex, color, handicap, height, weight, or national origin and to seek to achieve full equality of educational opportunity for all pupils.
- Any decision of either the Michigan Department of Civil Rights or the Equal Employment Opportunities Commission regarding any claim concerning this provision will supersede any determination regarding a grievance at any step of the grievance procedure
- 2.340 The Board of Education believes that a staff member should be able to work in an environment free of threatening speech or actions. This would include, but not be limited to, intentional conduct focused on an individual or group of individuals for an unlawful or improper purpose, conduct that is sufficiently outrageous, degrading or demeaning, retaliatory or harassing as to create a hostile, offensive, or intimidating environment.

Article 3.000 TEACHER RESPONSIBILITIES

3.100 Support of Board Policies

The Board's authority and policies are undermined when students discover that there is insufficient support of the Board by the teachers. Therefore, a teacher shall in no way attempt to degrade the school district or his/her role in the district in the eyes of the students.

3.200 Continuing Education

Rapid and significant changes are taking place in all fields of learning involving subject content, the behavioral sciences, the use of technology as an educational tool, and the psychology of teaching and methods of learning. Teachers employed in the school system shall keep abreast of changes both in areas of specialty and in general areas of behavioral sciences.

- 3.210 Full-time teachers shall be required to participate in a minimum of seven and one half (7 1/2) clock hours of in-service or formal professional improvement activities in each year of this Agreement. Part-time teachers shall be required to complete a pro rata share of the seven and one half (7 1/2) clock hours of in-service or formal professional improvement activities.

A teacher hired after the beginning of the first semester shall be required to complete the full seven and one half (7 1/2) clock hour obligation only if acquiring two semesters of seniority or three and three quarters (3 3/4) clock hours if acquiring one semester of seniority.

A teacher not acquiring a semester of seniority shall not be required to complete any in-service or formal professional improvement activities by virtue of this Section.

Such in-service or formal professional improvement activities shall be completed by May 1 of each year and hours of in-service or formal professional improvement activities performed after May 1 shall count toward satisfaction of this requirement in the following year.

- 3.220 The Board shall provide teachers with copies of the "Report of Professional Improvement Activities" form on which to record their in-service or other professional improvement activities. This form is to be returned to the teacher's evaluating administrator during the first ten (10) days of May. Additional copies of the form will be available in the Personnel Office.

- 3.230 Given the district's commitment to the increasing use of educational technology in instruction and other programs across the district, teachers are encouraged to pursue computer/technology training to assist them in gaining computer proficiency and learning techniques to incorporate educational technology in the classroom. However, the choice of the activity used to fulfill the professional development requirement shall remain the right of the individual teacher.

All in-service or professional improvement activities associated with teaching responsibilities, an individual's job assignment or with preparation for assumption of a different educational position shall be counted toward fulfillment of this requirement, including by way of illustration but not limited to the following:

- (a) College courses.
- (b) Professional conferences, seminars, training sessions or workshops.
- (c) District or building committee work.
- (d) District or building in-service or workshops.

- (e) Substance abuse training or core team work.
- (f) Board created committees to develop or implement district policy recommendations.
- (g) District or building committees, including sixth grade camp committees, involved in curriculum development or development or selection of textbooks or teaching materials.
- (h) Presenting at a professional conference, in-service, seminar, clinic, or workshop.
- (i) Professional projects or activities, including development of curriculum materials and observations of other programs or teachers, as mutually agreed upon in advance by the teacher and his/her evaluating administrator.

In no event shall in-service or professional development activities count toward the fulfillment of this requirement if:

- (a) The activity is a District-wide or building in-service which takes place during the teacher's normal workday; or,
- (b) The teacher is paid a stipend by the District for time devoted thereto.

3.231 As an incentive for teachers to pursue advanced technology training to improve their computer proficiency and usage as a teaching and management tool in the classroom, the Board will reimburse up to \$300 of tuition for such training according to the following provisions:

- (a) Selected courses are undergraduate or graduate level and provided by a recognized college or university that is accredited by the National Council for Accreditation of Teachers and/or the North Central Association of Colleges and Schools, and/or
- (b) The selected course(s) is approved in advance by the Office of Academic Services, and
- (c) The teacher attains a passing grade or certificate of completion, and submit same to Office of Human Resources upon successful completion.
- (d) Subject to the availability of funds in each year.

3.232 To encourage teachers to pursue National Teacher Certification, the Board will pay the costs, not to exceed \$2,000, associated with the qualifying examination. Half of the cost will be paid upon registration. The remainder shall be paid upon attainment of the National Teacher Certification.

Furthermore, before beginning the NTC program, the teacher shall enter into a contract wherein the teacher agrees to continue active service with the District for at least two (2) consecutive years after attainment of the National Teacher Certificate. A teacher who fails to return to the employ of the District upon receipt of the above certificate shall repay the District the full amount paid to the teacher towards the NTC registration. A teacher who leaves the employ of the District after one (1) year shall repay the District 1/2 the amount.

3.300 Providing Services

Teachers, in signing contracts with the Board of Education, agree to perform the professional services designated by the Board and its administrative staff. Teachers agree to make their services available to all pupils assigned to them, taking into account the needs of individual pupils, their abilities, experiences, performances, and goals. The Board reserves the right to assign teachers to positions within the school system commensurate with their qualifications. The assignment of teachers to positions that are not commensurate with their qualifications shall be made only on a voluntary basis, and we agree that teachers with a duty period will not be assigned routine clerical and custodial tasks.

3.400 Annual Committee Selection

The Association and the School District of Ypsilanti agree that each Y.E.A. member will choose the committee(s) for which he/she wants to volunteer. The Curriculum Department will send a list of active committees to the principal of each building early in the school year. Teachers have a right to sign up or not sign up for committee work at this time. If a teacher does volunteer, it is to be considered a year long commitment. If a member or a group of members decide to drop off committees at the beginning of the following school year, it should in no way be considered a job action.

3.500 Dismissal and Termination of Employment by Teacher

3.510 Dismissal

The Board reserves the right to dismiss a teacher who is not performing adequately or whose morals, ethics or emotions are such as to be detrimental to the best interests of children. A tenure teacher who has been dismissed or whose contract is not being renewed may follow the provisions of the Michigan Teachers' Tenure Act.

3.520 Termination of Employment by Teacher

All teachers agree to notify the Board at least sixty (60) days before September 1st of the ensuing school year of their intent to terminate employment with the district. This is consistent with MCL 38.111; MSA 15.2011 of the Michigan Teacher and Tenure Act.

3.600 Filing of Certificate, Transcripts and Individual Teacher Contract

Each teacher shall file his/her Michigan Teaching Certificate with the Superintendent of Schools (Personnel Office) as required by the School Code.

Each new teacher must file with the Superintendent of Schools (Personnel Office), in addition to a valid Michigan Teaching Certificate, an up-to-date official transcript of credits or a dated copy of a letter requesting that such transcript be forwarded directly to the Personnel Office.

Each teacher shall sign and file his/her individual contract with the Superintendent of schools (Personnel Office) by October 1st of each school year.

Failure to file a certificate, transcript, or letter as required above or failure to file an individual teacher contract as required above may result in withholding pay until such filing has been completed.

3.700 Physical Examination and Health Screening Test

In order to provide continuing health protection for students and other school personnel, it shall be the policy of the Ypsilanti Public Schools that:

3.710 Initial employment

Upon initial employment, each teacher shall provide by certification of his/her private physician evidence of such state of health that he/she is able to attend to his/her assigned duties without undue absence during the ensuing year.

3.720 Health Screening

If a new health screening test should be mandated by the State, each teacher shall comply and cause to have on file with the Personnel Office evidence of freedom from the illness in question by the first Friday in October.

The Board will take reasonably calculated steps to notify teachers in August or September if a new test will be required either by postings or individual notices. The board will also schedule clinic hours to provide teachers with a reasonable opportunity to have the test performed free of charge on one or more days at the beginning of the school year on or after the first regular teacher work day.

Teachers who cannot obtain the screening test at a clinic offered by the Board are responsible for providing suitable evidence of freedom from the illness in question. The Board will reimburse the teacher at the reasonable and customary rate for the privately obtained test.

3.800 Teacher Absence

3.810 Call-in Procedure

Any teacher unable to report for work shall notify the district teacher absence number as early as possible, but not later than one (1) hour before reporting time, indicating the length of time he/she expects to be absent. The teacher shall also call the district teacher absence number before 2:00 p.m. on the day before he/she will return to work, provided that such information has not been given on the initial call. Without such a call, it will be assumed that the teacher does not plan to return, and the substitute will be retained for the following day.

If the teacher does not make a call and both the teacher and the substitute report for work, one-half of the substitute's daily rate may be deducted from said teacher's salary if there is no other assignment available for the substitute.

3.820 Contents of Substitute Folder

A teacher, in recognition of the need for continuation of regular class activities during his/her absence, agrees to provide a folder to be filed for use by a substitute teacher. The location of the file shall be reported to the principal. The substitute folder shall contain:

1. Seating chart or attendance list, if a seating chart is not required.
2. Special daily activities of the class.
3. Adequate written lesson plans.
4. Daily time schedule, including special notation of preparation and lunch period.
5. Location of necessary materials to carry out the program for the day.
6. Room location of each class assignment.
7. Emergency procedures as provided by the administration.

3.830 Planning for Extended Absence

When a substitute is required for an extended period of time (one week or more), the responsibility for unit lesson plans continues to rest with the classroom teacher if at all possible, while daily lesson plans will be worked out among the classroom teacher, substitute and principal. The principal shall require the substitute to carry out the lesson plans. Complaints concerning the performance of the substitute teacher shall be brought to the attention of the principal. The principal shall require the substitute to report whether the classroom teacher has provided adequate lesson plans.

3.900 Supervision of Student Conduct

Teachers agree to assist the administration in the supervision of student conduct and behavior in the classrooms, hallways, lunchrooms, school grounds, and school premises, subject to Section 5.200.

4.000 PROFESSIONAL COMPENSATION

4.100 Salaries

- 4.110 The salaries of teachers covered by this Agreement are set forth in Article 26.000 which is attached to and incorporated in this Agreement. Such salary schedule shall remain in effect during the term of this Agreement.
- 4.120 The salary schedule is based on a school year of not less than 182 contract days. A teacher's daily salary is to be determined by dividing his/her basic salary by 182.
- 4.130 The calendar will provide for not less than 182 teacher work days and 177 days of instruction for 2003-2004 and 182 teacher work days and 175 days of instruction for 2005-2006.

4.200 Discontinuance of Regular Classes

- 4.210 In any situation (such as severe weather, heating plant failure, etc.) when, in the opinion of the Superintendent of Schools, it is necessary to discontinue regular classes for pupils in any school or in the entire District, information will be provided through WAAM and WEMU radio stations approximately sixty (60) minutes before reporting time.
- 4.220 When classes in less than the entire district are temporarily canceled, teachers will be subject to assignment or reassignment by the Superintendent or the principal, or his/her designated representative.

4.300 Payroll Deductions

The Board shall continue to make voluntary payroll deductions from a teacher's salary upon written authorization from the teacher. No changes in deductions will be made except for good cause and with the approval of the Superintendent or his/her designated representative. Said deduction shall be spread as nearly equally as possible over all pay periods provided the amount in question is in excess of ten (\$10.00) dollars.

4.400 Salaries for New, Changed and Combined Positions

When a new position is created or an existing position is changed or combined with another position, either of which cannot be properly placed on the salary schedule, the Board will notify and consult with the Association in advance of establishing a salary for such position.

4.500 Credit for Prior Experience

The Board shall continue the practice of granting credit for previous experience to newly hired teachers and shall have the authority to employ a teacher at any step of the salary schedule. However, in normal circumstances experience credit shall not exceed a total of six (6) years including (a) no more than three (3) years for previous military service; (b) no more than six (6) years for non-professional employment experience; and (c) no more credit for professional experience than has actually been gained in a professional position.

In unusual circumstances when, in the opinion of the Board, the interests of the District require, a teacher may be granted experience credit in excess of six (6) years. Once a teacher accepts employment with the District the teacher waives any claim for additional credit for previous experience not granted at the time of employment and no matter concerning the granting of credit for previous experience shall be subject to the grievance process or arbitration.

In any case where a teacher has been granted more than six (6) years experience credit, the Board shall inform the Association of the circumstances which resulted in the granting of such credit.

4.600 Experience Credit After Initial Hiring

In the exceptional circumstances where a teacher is transferred to a position for which he/she has previous work-related experience, the teacher may, if desired, pursue the following procedure. If the teacher did not receive credit on the salary schedule for that experience at the time of initial hire, said teacher may request a review of that experience to determine whether experience credit without retroactivity will be granted at the time of transfer. It is understood that the Board agrees to review such experience at the time of transfer for any teacher whose current placement on the salary schedule is below the top step; however, the decision whether or not to grant additional credit for work-related experience shall rest solely with the Board and shall not be subject to the grievance procedure or arbitration.

4.700 Salary Schedule

4.710 Salary Scale Placement

Placement on the salary schedule shall be in accordance with the following:

1. Hours indicated on the schedule are semester hours at an accredited degree granting institution including community colleges. Term hours are to be converted on an appropriate weighted basis.
2. Placement on the BA+35 scale requires 35 hours of college level credit earned after the award of the Bachelor's degree.
3. Placement on the MA scale requires the attainment of a Master's degree from an accredited degree granting institution.
4. Placement on the MA+30 scale requires the attainment of: (a) a Master's degree including at least 60 hours of graduate level work; or (b) 30 hours of graduate level work in addition to those counted toward the Master's degree whether earned before or after the award of the Master's degree; or (c) two Master's degrees; or (d) a Master's degree including more than 30 semester hours and additional graduate hours whether earned before or after the award of the Master's degree to reach a total of 60 graduate hours.
5. Placement on the MA+45 scale requires at least 15 hours of graduate level work after satisfaction of the requirements for placement on the MA+30 scale.
6. Placement on the Doctorate scale requires the attainment of an earned doctorate degree.
7. Undergraduate credit hours will be counted for purposes of placement on the MA+30 and MA+45 scales if they are (a) earned as part of a program leading to additional certification and/or continuing certification; or (b) relevant to the curricular or professional duties of the employee or a position of increased professional responsibility within the school district; or, (c) courses which the Superintendent or designee accepts as being potentially beneficial to the district.

8. The Board may require satisfactory documentation of the above conditions.
9. Application for placement on a higher salary scale with appropriate evidence of completion of the requirements must be received by the Personnel Office within the first 20 work days of a semester to be effective for that semester.

4.720 Step Placement

Teachers will be advanced one full step between school years provided a minimum of one semester of seniority is earned in the most recently employed school year.

4.800 Pay Schedule

Any teacher may elect to receive his/her pay on a twenty-one (21) pay or twenty-six (26) pay period basis. Any change from the pay mode of the previous year must be requested in writing and addressed to the Personnel Office on or before the second Friday of the current school year.

4.900 Compensable Duties — Schedule A

A separate yearly rider shall be given to each teacher covering assigned compensable duties as set forth in Schedule A. All riders must be signed and returned to the Personnel Office before the teacher performs the compensable duty in question. There will be no obligation to pay any teacher who does not have a signed rider.

5.000 TEACHING HOURS

5.100 Teaching Hours

A teacher's normal teaching hours shall be as follows:

5.110 Duty time, including such things as student instruction, student evaluation, student supervision, preparation, planning, conferences and lunch, shall not exceed seven (7) hours and twenty (20) minutes per day, including lunch time. Exceptions to the seven (7) hour twenty (20) minute day may be made due to faculty meetings and by the building principal for good cause.

5.120 On Fridays and days preceding holidays and vacations a teacher shall be permitted to leave following the dismissal of school as soon as the building is reasonably clear of students, providing he/she has not been specifically requested to remain by his/her principal or by the superintendent.

Furthermore, elementary teachers shall be permitted to arrive twenty minutes later than their normally scheduled arrival time on Fridays and days preceding holidays and vacations. If the configuration of the elementary teacher or student day changes, this subsection shall be subject to renegotiation.

5.130 Any change in either the teacher work day or the placement of the student contact day within the teacher work day from the preceding year's schedule shall be negotiated with the Association before it is implemented.

5.140 At the beginning of the school year or during the year at the time a change takes place, the Board shall inform the Association of the schedule of any teacher whose regular daily time schedule differs from that of other teachers in the same building or program by virtue of its configuration or its starting and ending times. This notification shall take place every year for every such teacher even if an individual teacher is continuing to work the same schedule as the year before.

5.150 The salary of any teacher who agrees to teach a schedule which exceeds seven hours and twenty minutes or whose contact time exceeds established norms will be negotiated with the Association (acting on behalf of the teacher) before the teacher begins teaching such a schedule, or, in the event the teacher is already teaching such a schedule, as soon as reasonably possible. No teacher shall be required to accept a position greater than 100%.

5.200 Noon Supervision

An elementary teacher will not be assigned to noon supervision in any form during his/her designated lunch time. In the secondary schools, a teacher may be assigned noon supervision so long as compensatory lunch time (between the hours of approximately 10:30 a.m. to 1:30 p.m.) is made available to such teacher.

5.300 Preparation-Planning-Conference Time

5.310 Secondary

Secondary teachers will be scheduled for a planning-preparation-conference period each day equal to the normal class period, but not to exceed sixty (60) minutes. However, it is understood that this period is subject to the total school program and, as a result, such things as assemblies, shortened daily schedules, field trips, in-service education, faculty meetings, etc., may, from time to time, be substituted in its place. It is understood that secondary non-classroom teachers do not have a scheduled preparation time as such, but rather whatever time is necessary for preparation, planning and conference time is worked into their regular day's activities.

All middle school teachers who teach under the Middle School Concept, will be scheduled for a planning-preparation-conference period each day equal to one “chunk” of time in daily schedule. However, it is understood that this “chunk” is subject to the total school program and, as a result, such things as assemblies, shortened daily schedules, field trips, in-service education, faculty meetings, etc., may, from time to time, be substituted in its place.

5.320 Secondary In-service

In the event that teachers, in any secondary school, are assigned to a common planning-preparation-conference time, any change in the normal school schedule which results in the pre-empting of the teacher’s planning-preparation-conference time without compensatory release time from students, shall be limited to three (3) times per semester.

5.330 Elementary

Elementary teachers shall have a 30 minute lunch. In addition, a scheduled block with a minimum of 25 minutes per day and an average of 250 minutes per week shall be provided for professional planning during the student day. A scheduled block of at least 25 minutes within the student day constitutes a planning period. It is understood that this time is subject to the total school program and, as a result, such things as assemblies, shortened daily schedules, field trips, in-services, evaluations and/or faculty meetings, on rare occasions, may be substituted in its place.

All non-classroom and itinerant teachers shall be scheduled in such a way as to be guaranteed each day at least a thirty (30) minute duty-free lunch period and at least a thirty (30) minute planning-preparation-conference period in addition to adequate time to travel between buildings without infringing upon either of the preceding periods.

The Board and the Association believe that the elementary school curriculum should include a full schedule of special classes. In order to provide elementary and kindergarten teachers, including all-day kindergarten teachers, with the maximum opportunity for conference, planning and preparation time, the Board will make a good faith effort to provide qualified substitutes capable of carrying out the particular activity whenever music, physical education, media, or art teachers are absent. While not required, a full schedule would ideally consist of at least:

50 minutes/week of physical education,
50 minutes/week of vocal music,
50 minutes/week of media, and
50 minutes/week of art.

5.340 Retention Preparation Conference

Any elementary teacher who is implementing the District’s retention policy may request in writing from the building principal release time from his/her regular duties to meet and confer with the student’s parents, if this meeting cannot take place during the regular time for planning and conferences. Pursuant to this request, the building principal may grant release time.

5.400 Duties Beyond the School Day

Teachers recognize that their responsibilities to their students and their profession require the performance of duties that involve expenditure of time beyond that of the regular work day. Among these responsibilities and duties which teachers agree to assume are the following:

5.410 Planning

Prepare both long-range and daily written plans for effective teaching.

5.420 Test Correction

Correct student written work, including examinations. Teachers will not be required to hand-score district-wide norm referenced tests designed to be machine-scored.

5.430 Faculty Meetings

Principals shall call no more than two (2) faculty meetings per month except those emergency situations that may occur. A faculty meeting is any meeting where all staff are scheduled to attend to discuss schedule of events, operations issues or emergency situations. It is understood that faculty meetings will not normally extend beyond one (1) hour fifteen (15) minutes after the normal teacher contact day.

5.440 Evening Functions

Attend two (2) meeting functions per school year where the public is invited, such as an open house. This excludes designated compensable events, parent conferences when compensatory time off is arranged during the day, and program responsibilities of music, art, and physical education teachers.

Attendance at evening functions beyond two (2) per year is entirely voluntary. In order to facilitate attendance at additional evening functions by those teachers who wish to do so, administrators involved will make every effort to provide teachers with the earliest possible notification of the dates and times of such events.

5.500 Teaching Additional Classes

5.510 During Preparation Time

Any teacher who agrees to, or who must, due to an emergency situation, assume teaching duty in lieu of his/her planning-preparation-conference time or within the regular school program beyond his/her contractual instructional day, shall be paid at the hourly rate for teachers as determined by Schedule A of this Agreement. This section shall apply to an elementary teacher in the exceptional situation of teaching his/her own class when a substitute for an art, music, physical education teacher or media specialist is not available.

5.520 In Lieu of Regular Assignment

A teacher who substitutes for another may request authorization from his/her administrator for additional hours at the Schedule A hourly rate as compensation for completing tasks which could not be accomplished during the time spent substituting.

5.600 Release Time for Negotiations and Arbitration Hearings

While it is the intent that negotiations and arbitration hearings be conducted outside of normal teaching hours, if a teacher is engaged in negotiations on behalf of the Association with the Board during the school day at a meeting scheduled by the Board, the teacher shall be released from teaching duties without loss of pay. If a teacher is representing the Association in an arbitration hearing with the Board during the school day, the teacher shall be released from teaching duties without loss of pay.

5.700 Marking Periods

Elementary marking periods should be of uniform length so far as reasonably possible. Secondary marking periods may differ in length from elementary marking periods but should also be of uniform length so far as reasonably possible. Any change in the number of weeks in marking periods will be discussed with the Y.E.A. President before implementation.

5.800 Rescheduling of Exams and Teacher Workday

Students and staff shall be notified of the procedure for rescheduling exams which have been disrupted by snow days or other catastrophes. Such notification shall take place when the exam schedule for each semester is posted.

The procedure shall be as follows:

Any time the secondary exam schedule is interrupted by school closing, exams will resume on the next day school is in session according to the exam schedule of the first day school was canceled. Exams will continue following the sequence of the previously posted schedule.

The teacher workday will be rescheduled so as to give teachers time to complete duties normally accomplished during that time. With prior agreement of the Association the teacher workday may be changed from a full day to two half days and/or may be relocated from its position following the last day of exams.

If a snow day occurs on the scheduled teacher workday, the Board shall, with the agreement of the Association, schedule two half days of release time for teachers to complete duties normally accomplished on the teacher workday preceding the turning in of report cards.

5.900 School Improvement

School improvement is a joint planning and problem-solving process per Act No. 25, Public Acts of 1990, Section 1277 (1).

The School Improvement process is designed to address a school improvement process for each school within the school district. It is not designed to address wages/salary, fringe benefits such as health insurance and other insurances, or matters established in the Public Employee Relations Act or the Teacher Tenure Act.

Participation in the development of the School Improvement Plan shall be voluntary and open to all building staff. The plan shall not be implemented until there has been a review process which affords the opportunity for building staff members to express concerns regarding the plan. It is understood, however, that all bargaining unit members shall participate in the School Improvement Plan once it has been implemented.

The parties to this Agreement, in recognition of the important part that school improvement plays in the continued success of the District's educational program, agree to provide, annually, ongoing training opportunities for bargaining unit members.

6.000 TEACHING LOAD AND ASSIGNMENTS

6.100 Normal Teaching Loads

The normal daily scheduled teaching loads for regular full-time classroom teachers shall be as follows:

6.110 Secondary Schools

- 6.111 In all schools employing the six (6) period schedule, teachers should be assigned not more than five (5) classes. Study halls and/or assigned duty in place of a class period (such as student monitoring, building supervision, etc.) will be considered a class.
- 6.112 In schools employing the seven (7) period schedule, teachers should be assigned not more than six (6) classes. Study halls and/or assigned duty in place of a class period (such as student monitoring, building supervision, etc.) will be considered a class.
- 6.113 In all schools where there are no period schedules, teachers shall be assigned the minimum number of minutes of classroom instruction, supervised study, and/or transit time between classes required by state law. This limitation shall also apply to Sections 6.111 and 6.112 above.

6.120 For the 2004-2006 school years, the following number of minutes shall apply:

Perry Child Development Center	386 minutes
Elementary Schools Grades 1-5	380 minutes
Middle Schools	380 minutes
Ypsilanti High School	380 minutes

6.130 Lunch Periods

Full-time secondary teachers shall be scheduled for a lunch period of not less than twenty-five (25) minutes. Full-time elementary teachers shall be scheduled for a lunch period of not less than thirty (30) minutes, excluding passing time to and from the lunch area.

6.140 Changes in Teaching Load

It is understood that the above provisions are subject to modification or change to accommodate changing circumstances of new programs upon negotiations initiated by the Board. In the event of any disagreement between the Board and the Association as to the matter and desirability of modifying or changing the above standards, the matter may be processed through the Grievance Procedure.

6.150 Leaving Building During Planning Time

A teacher may leave his/her building during his/her planning-preparation-conference time up to five (5) times per semester after notifying the building administrator. Beyond five (5) times per semester the teacher shall first obtain permission from the building administrator. The following Y.E.A. officers shall be exempt from this limitation: President (Unit Director), 1st Vice-President, 2nd Vice-President, Treasurer, Secretary, immediate past President (Unit Director), and grievance chairperson.

6.200 Requirements for Initial Employment

The minimum requirement for initial employment within the bargaining unit is a Bachelor's degree from an accredited college or university and appropriate licensure or professional registration. Additionally, persons with instructional responsibilities must have the appropriate certificate, authorization or permit from the Michigan Department of Education. Exceptions to the degree requirement (e.g. vocational teacher, two (2) year registered nurse) shall be allowed provided the Association is notified at least five (5) days prior to the date of hiring.

6.300 Changes in Teaching Assignment

Teachers, other than newly appointed, who will be affected by a change in grade assignments in the elementary school grades and by changes in subject assignment in the secondary schools will be notified by their principals at least three (3) weeks prior to the beginning of the semester, where possible. Efforts will be made to avoid assigning probationary elementary school teachers to different grade levels unless the teacher requests such change. Tentative teaching assignments for the next year will be given to each teacher in writing no later than June 1st of each year.

6.400 Student Teachers

The Board and the Association mutually recognize that the education of the children of the Ypsilanti Public Schools is their primary responsibility. The Board and the Association further recognize that they also have the responsibility to assist in the training of future teachers. The Board, therefore, agrees to the following practices as regards student or practice teachers:

- 6.410 No teacher shall be assigned a student teacher or pre-student teacher against his/her wishes.
- 6.420 Teachers with less than three (3) years experience may not be assigned a student teacher but may request assignment of pre-student teachers.
- 6.430 A critic (cooperating, supervising) teacher shall have the right to reject at any time any student teacher or pre-student teacher assigned to him/her with whom he/she feels he/she cannot work effectively.
- 6.440 Critic teachers shall be limited in the supervision of student teachers as follows:
 - 6.441 No more than a total of eight (8) student teaching credit hours per university semester shall be assigned any critic teacher.
 - 6.442 Only one (1) student teacher shall be assigned to a critic teacher for a particular class period or clock hour.
 - 6.443 Critic teachers may have two (2) student teachers per semester if assigned for four (4) credit hours or less, each, and for different time segments.

6.500 Summer School and Driver Education

While it is understood that the provisions of this Agreement do not apply to summer school and the summer school driver education program, it shall be the policy of the Board to fill summer school and driver education teacher positions first with qualified members of the bargaining unit. In filling such positions first consideration will be granted to teachers who have tenure in Ypsilanti, who have taught in the area for which they request summer employment. Other consideration will be given to the teacher's area of competence and the quality of his/her teaching performance. It is specifically understood that previous summer employment shall not be construed to assure summer employment from year to year.

When possible, teachers accepted for summer school assignments shall be notified in writing two (2) weeks prior to the beginning of summer school.

6.600 Elementary Job Sharing

The Association and the Board agree that there shall be a job-sharing program as outlined in Appendix C. For purposes of layoff, recall, seniority, and leaves of absence job-sharing teachers shall be considered full-time.

7.000 TEACHING CONDITIONS

7.100 Class Size

7.110 Class Size Committee

The Board shall maintain acceptable class sizes. In keeping with this, the parties agree to maintain a Class Size Committee. The Class Size Committee shall consist of a minimum of three (3) representatives of the administration. Also, three (3) Association members will be appointed by the Y.E.A. President. The Class Size Committee shall meet no later than the state count date of each semester to examine class size. The Class Size Committee shall also review the class sizes of all elementary art, music, physical education and media/tech classes.

At any time a major reassignment of students occurs after the beginning of the semester and results in a class size that exceeds the maximum class size number, the Class Size Committee shall be convened within seven (7) calendar days of the final reassignment decision. The Administration shall notify the Association of any contemplated change.

7.120 Class Size

The district class sizes shall be established as the following maximum numbers of students per class:*

Kindergarten:	25 students
Early Elementary, Grades 1-3	30 students
Later Elementary, Grades 4-5	32 students
Middle School, Grades 6-8	32 students
High School, Grades 9-12	32 students

*Maximum numbers do not apply to performing arts, humanities, physical education and special education classes.

7.130 Elementary Class Size

No regular elementary classroom shall have more than three (3) students more than any other classroom at the same grade level, excluding split level classrooms. If a regular elementary classroom exceeds the maximum class size by the State Count Date, the classroom teacher shall receive \$500.00 per semester for each additional student above the established maximum, provided the condition is not corrected within one week of the most recent State Count Date.

If at the beginning of the year, a split grade level class in an elementary school is established, it shall be smaller by two (2) than all other classes in the building at the grade levels involved. New students shall be added in such a manner as to maintain the smaller size of the split class. Split classes constituted after the first day of school shall be reviewed by the Class Size Committee in a special meeting, if necessary, upon their establishment. Teachers assigned to split classrooms shall receive a \$1,000.00 stipend.

Elementary principals will seek the recommendation of the art, music, media, physical education, and special education self-contained staff in the building at the beginning of the year regarding the placements of the self-contained special education students in art, music, media and physical education classes.

7.140 Secondary Class Size

The Board shall provide an equitable distribution of students enrolled in sections of the same class. If, by the State Count Date, any secondary classroom period exceeds the maximum class size, the classroom teacher shall receive \$100.00 for each additional student per semester, provided the condition is not corrected within one week of the most recent State Count Date.

7.150 Special Education Class Size Committee

The Board shall make a good faith effort to provide equitable distribution of those regular education students receiving teacher consultant services at the beginning of each school year. The number of mainstreamed self-contained special education students assigned to any regular education class shall not exceed four (4) per semester. At the elementary level, a student assigned for any portion of the day counts as one of the four.

Mainstreamed elementary special education students will be counted on a regular education class list as follows: A student who is mainstreamed into a regular education classroom for 50% or more of the student day will be counted on the regular education teacher's class list for class size purposes. Mainstreamed students will be evenly distributed among teachers at grade level (split classes will be included in this language).

At the secondary level, general education classes with full-time special education support staff assisting the regular classes are exempt.

The parties agree that by the thirteenth (13th) day of each semester two (2) representatives of the Administration shall meet with two (2) representatives of the Y.E.A. Unit appointed by the Y.E.A. President to examine the distribution of special education students throughout the district at the elementary level. A similarly constituted group shall meet by the thirteenth (13th) day of each semester to review the distribution of special education students at the secondary level.

7.200 Instructional Materials and Equipment

Recognizing that appropriate texts, library reference materials and facilities, maps and globes, laboratory equipment, audio-visual equipment, music equipment, art supplies, athletic equipment, current periodicals, standard tests and questionnaires and similar materials and supplies are tools of the teaching profession, the Board agrees to continue to provide the above items within limits of available finances. In accepting the above equipment, teachers recognize their obligations and responsibilities for the proper care, use, and management of the materials and equipment.

7.300 Placement of Severely Impaired Special Education Students

Regular classroom teachers who have severely impaired special education students placed into their classroom shall receive: (1) assistance with and training in strategies necessary for educating those students in regular education classes, (2) assistance with and training in strategies for using a teaching assistant appropriately, (3) training/in-service for the teaching assistant in strategies necessary for the successful integration of a severely impaired student, and (4) assistance in the development of instructional materials for use with individual students. Teachers who receive severely impaired special education students and do not wish assistance as defined in 1, 2, 3, and/or 4 above shall notify the principal of such in writing.

In case of inclusion of a severely impaired student, the student's teacher will be invited to any staffing meetings as well as the IEPC. If the student's teacher is not known, the teachers of the appropriate grade level at the elementary, or the case coordinator at the secondary level, will be invited to both the staffing and IEPC meetings. These meetings will consider the type of impairment, strategies for meeting the needs of the severely impaired student and types of student support services available to the general education teachers, including but not limited to aide assistance and reduction of class size.

Prior to the placement of a severely impaired student in a general education classroom, volunteers will be sought and consideration given by the building administrator and the special education administrator. If there is no volunteer, this responsibility should be rotated annually from teacher to teacher in a given grade.

Some inclusion situations require regular meetings with the Special Education Department, WISD, parents, etc. If the necessary meetings are more frequent than one per month, the teacher shall be paid the hourly wage for the extra meeting time.

The general education teacher should not be assigned administrative duties in regard to the classroom assistant. The classroom teacher's input should be requested but the assistant's evaluation should be prepared and presented by the building principal and/or Special Education Department administration. If an assistant needs to be formally or informally reprimanded, that responsibility should belong to the building principal or Special Education Department staff.

Any disputes as to whether an individual student should be defined as "severely impaired" shall be decided by the special education administrator.

In order to provide for a continuous and ongoing method of evaluation and reviewing the placement of inclusion students, a Least Restrictive Environment (LRE) committee shall be established. The committee shall be made up of four (4) appointed members (two (2) from the Association and two (2) from the Board), and shall meet at agreeable times but less frequently than once a month. Recommendations of the committee shall be forwarded to the director of special education.

7.400 Administration of Medication to Students

The administration of medication and/or medically prescribed treatments to a student during school hours will be permitted when failure to do so would jeopardize the health of the student and/or the ability for the student to benefit from his/her educational program. All medications to be administered during school hours must be registered in a log kept in the principal's office.

8.000 VACANCIES, TRANSFERS AND PROMOTIONS

8.100 Vacancies

For purposes of this Agreement, a vacancy shall be defined as any position within the bargaining unit presently unfilled, position(s) filled during the previous year on a temporary basis, and newly created positions.

Vacancies shall be filled according to the applicable procedures and criteria in Section 8.110.

It is recognized by the parties that all vacancies do not have to be posted and that in some cases the vacancy which is ultimately posted will not be the original position vacated by a bargaining unit member but the position that remains after appropriate voluntary and involuntary transfers have been effected.

It is further understood that teachers interested in a transfer at some time in the future should follow the procedure set forth in Section 8.220 of this Agreement in order to insure that they will be considered for future vacancies which may not be subject to posting.

A vacancy that occurs after the beginning of the school year is not subject to the posting and hiring procedures below but may be filled on a temporary basis. If this vacancy is expected to continue for the following school year, it will be posted by June 1st of the current school year and filled in accordance with Section 8.110 and 8.120. By June 1st, a list of potential vacancies for the upcoming school year will be sent to the Y.E.A. President.

For purposes of this article, "a newly created position" is one which has a job description different from that of any currently existing position filled by a bargaining unit member.

8.110 Filling of Vacancies

Vacancies occurring within the bargaining unit shall be filled with the applicant having the greatest bargaining unit seniority, certification and qualifications as defined in Section 9.160.

8.120 Posting of Vacancies

Whenever a vacancy is posted, the following procedure shall be used. The Board shall publicize such vacancy by a posting in every building where teachers work, by notifying the Y.E.A. Unit President, posted on district-wide email, and by such other means as the Board shall deem desirable. No such opening shall be filled, except in the case of an emergency, until such opening shall have been posted for at least ten (10) teacher work days; provided, however, that any such vacancy which occurs between the end of the last teacher work day in a school year and the first teacher work day of the following school year shall be posted for at least fourteen (14) days in the Board office and a copy of the posting shall be sent to the Y.E.A. Unit President.

Any teacher may apply in writing for said opening within the above time limit.

8.200 Transfers

8.210 Definition

A transfer is defined as a move from one building to another. In addition, the following changes in assignment shall be transfers whether or not they involve a change in building:

- (a) at the secondary level, a change in teaching assignment resulting in three or more classes in a different department from the previous year;
- (b) any change to or from a non-classroom position;
- (c) any change to or from a district-wide support position;
- (d) any major change in special education teaching responsibilities or assignment;
- (e) any change effected as the result of a position having been posted.

8.220 Voluntary Transfer Requests: Normal Procedure

A teacher may request a transfer at any time. A request for a transfer shall be made in writing to the Executive Director of Human Resources. A request for a transfer shall be kept on file for a one-year period and may be renewed in writing each year by the teacher. Such a request will be considered for all pertinent vacancies whether or not they are posted, including vacancies posted.

Except for counseling, curriculum support, program facilitator, and any newly created positions (as defined in Section 8.100) which are vacant after the spring staffing meetings (as defined in 9.110), a transfer may be effected without a posting provided that the teacher selected had a letter on file expressing interest in the position.

When filling vacancies by voluntary transfer after the spring staffing meeting(s), applicants who are certified and qualified in accordance with 9.160 shall be considered. Factors relating to the teacher's demonstrated professional competence shall be considered along with the qualifications listed in 9.160. If two (2) or more teachers are considered to be equally qualified for a transfer, the teacher with the highest seniority shall be granted the transfer. In the event a bargaining unit member requesting a voluntary transfer is not granted the voluntary transfer, the bargaining unit member will receive notification in writing from the superintendent or his/her designee of the reason for the action.

8.230 Involuntary Transfer, Level or Room Change

While the parties recognize that involuntary transfers, involuntary class level changes and involuntary classroom changes may be necessary for administrative purposes in order to meet instructional requirements and to provide a fair distribution of experienced and qualified teachers throughout the system. They also recognize the desirability of keeping such involuntary actions at a minimum.

In the event of a major programmatic change (including but not limited to building closing or partial closing, new building, movement of grade levels or programs to different locations, change in attendance zones) the resulting staffing changes shall be accomplished only after written notification to all teachers within the building seeking volunteers. Volunteers shall be placed in the position based on 9.160.

In the event no volunteer comes forward and/or in the opinion of the Board an involuntary transfer is necessary, the bargaining unit member will receive notification in writing from the superintendent or his/her designee of the reason for the action.

8.240 Release Time or Compensation for Involuntary Transfer, Level or Room Change

When an involuntary transfer, involuntary class level change or involuntary classroom change takes place, the teacher affected may file a request for consideration for release time to prepare for the class.

In the case of an involuntary transfer of which the teacher is notified in the summer (transfer as defined in Section 8.210), the teacher may file a request for consideration for hourly compensation for the time spent to prepare for the class including moving of instructional materials, if applicable.

It is understood that any release time or hourly compensation shall be granted.

8.250 Any teacher who is involuntarily transferred will be given first consideration to return to his/her building or area of certification should a vacancy occur. The teacher affected shall submit a request in writing annually to the Personnel Office. This movement will only be considered for the start of the upcoming school year.

8.300 Promotions

The Board declares its support of a policy of making promotions from within its own teaching staff. Applications by teaching staff for promotions shall be encouraged and when received shall be given careful and attentive consideration.

8.310 Definition and Posting

For the purposes of this Article, a promotion shall mean a change to an administrative or supervisory position outside the bargaining unit. Whenever a promotional vacancy shall occur, the Board shall post such vacancy in the manner set forth in Section 8.120.

8.320 Making Promotions

In making promotions, the Board agrees to give due weight to the professional background and attainments of all applicants, the length of time each has been in the school system and other relevant factors. The decision of the Board in making promotions shall, however, be final. Any person applying for a promotion may request a meeting with the Superintendent or his/her designee to discuss the matter.

9.000 LAYOFF, RECALL AND SENIORITY

9.100 Layoff

In the event a professional staff reduction becomes necessary due to Board-determined priorities based upon financial considerations, a decrease in student enrollment, or program reduction, the criteria and procedures set forth in this Article shall apply.

9.110 Notification to the Association

During the first week in May, the Executive Director of Human Resources shall arrange a meeting with the Y.E.A. President and report on the status of staffing plans including the prospects for layoffs, leave requests and returns, transfers, retirements, staff additions or reductions, and related information.

At least once every two weeks thereafter until staffing is established for the subsequent year, the Executive Director of Human Resources shall, at the request of the Y.E.A. President, meet with him/her and provide updated information on the aforementioned issues.

These meetings do not relieve the Board of its obligation to inform teachers of final staffing decisions.

At least one week prior to the Board acting on a recommendation for teacher layoff, the Superintendent will notify the Y.E.A. Unit of the possible layoff and of the probationary or tenure status of the teachers involved.

9.120 Reduction of Non-Certificated Teachers

Teachers not holding a Michigan Provisional, Permanent, Continuing, Life, or Professional Certificate will be laid off first.

This provision shall not apply to bargaining unit members whose positions do not require the possession of a Michigan teaching certificate.

9.130 Reduction of Probationary Teachers

If further reduction is still necessary, then probationary teachers with the smallest number of semesters of seniority, as defined in Section 9.400, in the school district will be laid off first, provided there are fully qualified, fully certified teachers to replace them and perform the needed duties of the laid-off teachers.

9.140 Reduction of Tenure Teachers

Tenure teachers will be laid off in accordance with the length of professional service. Tenure teachers with the smallest number of semesters of seniority, as defined in Section 9.400, will be laid off first, provided there are remaining fully qualified, fully certified teachers to replace them and perform all of their needed duties. The Board is not required to, but may in appropriate circumstances, involuntarily transfer a teacher to avoid the necessity of the layoff of another teacher.

9.150 Duration of Recall Rights of Tenure and Probationary Teachers

Laid-off teachers will retain recall rights to the extent permitted by law. The Board may, but is not required to, recall a teacher whose recall rights have expired.

9.160 Definition of Fully Qualified and Fully Certified

Fully qualified and fully certified teachers shall be defined in consideration of the following factors:

- a. Seniority;
- b. Certification
- c. Special certification when required by state law;
- d. Major or minor academic preparation in teaching assignment; and,
- e. Applicable North Central Association of Elementary, Middle and Secondary Schools Accreditation Rules 1983/84.

9.161 The District will assist laid-off teachers with placement in other school districts or positions in other fields. This assistance may include, at the teacher's request, employment counseling with the Executive Director of Human Resources.

9.162 The staffing process in the District shall be implemented according to the procedure in Appendix G.

9.163 Each school year representatives of the Board and the Association will meet with staff most likely affected by potential reductions in staff. Teachers may develop a retraining plan that will meet qualification language and projected staffing needs. This written plan may be presented by staff for review and feedback from Administration as to the appropriateness of the plan. Copies of the plan will be sent to the Association. This provision should not be construed as a guarantee against layoff.

9.170 Bumping Rights of Laid-Off Teachers

Any teacher who has been laid off and is certified to teach in another position shall have the right to exercise his/her seniority to bump the least senior teacher in that position, except in the case where the teacher who would be bumped has a major or minor in any of the subject area(s) taught and the higher seniority teacher does not; provided, however, a probationary teacher may not bump a tenure teacher.

9.180 Board Obligations and Teacher Rights in Layoffs

It is understood that the Board's obligation to pay salary and fringe benefits pursuant to an individual teacher contract or this Agreement will cease if a teacher is laid off or terminated under this Article. A teacher laid off or terminated under this Article may continue health benefits (health, dental, vision) for a period of up to eighteen (18) months by paying the costs thereof in monthly installments in accordance with the Consolidated Omnibus Budget Reconciliation Act. In addition the teacher may continue life insurance for a period of six (6) months by paying the monthly premiums to the Board at the time of the layoff or termination.

9.200 Recall

When a vacancy as defined in Section 8.100 occurs, when the Board decides to increase professional staff or when an opening of shorter duration as defined in Section 9.300 occurs, the Board shall offer such vacancy or opening to the laid-off tenure teacher with the greatest seniority who is fully qualified and fully certified for the position, except as provided in Section 9.322.

9.210 Recall of Teachers of Equal Seniority

If it becomes necessary to choose between fully qualified and fully certified teachers of equal seniority as defined in Section 9.400, some of whom can be recalled but for some of whom positions are not available for recall, the Board shall select those to be recalled in accordance with the following procedures; provided, however, that no probationary teachers in the group under consideration will be recalled until all tenure teachers have been offered recall.

9.211 Philosophically, the Board and the Association remain committed to maintaining diversity in the district staff to the extent permitted by law.

9.220 Notification of Recall

Notification of recall shall be in writing by certified mail, return receipt requested, to the teacher's last known address. It is the responsibility of each laid-off teacher to keep the Board informed of his/her current address and telephone number.

9.230 Refusing Recall and Maintaining Rights to Future Recall

9.231 Contractual Obligations in Another School District or Commitment to a Course of Study

A tenure teacher who is under contract to another school district or committed to a course of study at a college or university at the time of recall shall be an exception to Section 9.240 below. Such a teacher shall retain recall rights after refusing recall, provided however, said teacher shall have responded to the notice of recall in writing, and shall have notified the Personnel Office within five (5) days of receipt of notification of recall of the contractual obligation to another school district or of the enrollment in a course of study at a college or university. After receipt of such notice, the Board may require documentation of the teacher's status.

9.232 Right to Recall to a Comparable Position

A tenure teacher who has been recalled to a position which is not comparable to the position from which he/she was laid off may refuse recall without losing any recall rights. "Comparable" shall be defined as equal in percentage of full-time contract.

The position of any tenure teacher who has accepted recall to a position which is not comparable to the one from which he/she was laid off shall be increased to a comparable position for the beginning of the following school year, if such a position is available. However, the Board may with the consent of the teacher, increase the percentage of the teacher's assignment during the year of recall.

A tenure teacher who is job-sharing at the time of or immediately preceding layoff shall be considered full-time (100%) for the purposes of this section.

9.240 Voluntary Quit: Failure to Accept Recall

If a teacher fails to accept an offer of recall within five (5) days of receipt of notification (except a recall pursuant to subsections 9.231, 9.232, or 9.322), the teacher shall be considered a voluntary quit and shall have no further rights of recall or reinstatement.

9.250 Failure to Respond to Recall Notice

If a laid-off teacher fails to respond to an offer of recall sent to his/her last known address within ten (10) days of the date mailed, or if a certified recall letter is returned as undeliverable, the Executive Director of Human Resources shall make a good faith effort to reach said teacher by phone, including calling in the evening hours. If such efforts do not result in a response from said teacher, he/she will be considered the least senior teacher for purposes of the current recall only. In the event of a future recall for which said teacher is fully qualified and fully certified, the teacher will have full recall rights and will be treated without prejudice.

9.260 Voluntary Quit: Abandonment

If a certified recall letter mailed to the teacher's last known address is returned as undeliverable, the teacher shall be considered a voluntary quit and shall have no further rights of recall or reinstatement; provided, however, before the Board can treat such teacher as a voluntary quit the Executive Director of Human Resources shall in addition to the requirements of Section 9.240 attempt to effect written notice through the teacher's last known employer, if any. Further, the teacher shall not be stricken from the recall list for a period of 30 days after notification to the Y.E.A. President.

9.270 Recall of Probationary Teachers

Probationary teachers have no recall rights. However, the Board may recall laid off probationary teachers at its discretion for up to 18 months after the notice of layoff in preference to posting and hiring.

9.300 Recall to Positions Lasting Less Than One Semester

9.310 Positions Lasting More Than Half of a Semester

When an opening which is expected to last more than half of a semester but less than a full semester occurs, the Board shall offer said vacancy to the laid-off tenure teacher with the greatest seniority who is fully qualified and fully certified for the position.

All procedures and outcomes of Section 9.200 shall apply to the filling of said opening.

9.320 Position Lasting Less Than Half of a Semester

9.321 Positions with Reasonable Assurance of Continued Employment in the Succeeding Year

In the case of a laid-off teacher who is recalled to an opening with less than a half of a semester remaining in the school year, if the Board gives reasonable assurance of continued employment in the succeeding school year at the time of recall, all procedures and outcomes of Section 9.200 shall apply. The filling of said positions for the succeeding year shall be subject to Section 8.100.

9.322 Positions for the Current Year Only

If in the case of recall to a position lasting less than a half of a semester, the Board is unable to give reasonable assurance of continued employment in the succeeding school year to a laid-off teacher, said teacher shall have the right to refuse recall and shall maintain rights in future recalls. Said teacher shall have no further rights to the position for which he/she refused recall.

Further, the Board shall have no obligation to recall a laid-off teacher for a vacancy of less than half of a semester with no reasonable assurance of continued employment in the succeeding year and may fill such a vacancy with a temporary or substitute employee subject to the provisions of Section 8.100.

9.400 Seniority

9.410 Definition and Measurement of Seniority

For the purpose of this Article, length of professional service in the district shall be measured in semester units from the last date of hire in a position within the unit in the district, including any district or operation annexed to or assumed by the district. When a teacher does not work an entire semester, credit will be given for any semester in which employment in the position is for half or more of the semester. Time spent on layoff or unpaid leave of absence shall not be counted.

9.420 Measurement of Seniority for Part-time Teachers

Seniority for part-time teachers shall be pro-rated in the following manner: Teachers who work 50% or more of full-time shall receive full credit for each semester employed. Teachers who work less than 50% of full-time shall receive half credit for each semester employed.

9.430 Seniority of Administrators

Any administrator who is reassigned to a position in the Y.E.A. shall be granted full seniority under the following conditions:

- 9.431 Administrators in 1980-81 who were formerly Y.E.A. members, shall receive full seniority rights for the years in the district and pay no fee.
- 9.432 Administrators in 1980-81 who were never Y.E.A. members shall receive full seniority for all years in the district as administrators, a fee of \$100.00 per year to be paid by the Board.
- 9.433 Present Y.E.A. members who shall in the future become administrators and later return to the Y.E.A. shall receive full seniority for all years in the district. A fee of \$100.00 per year up to total of \$300.00 to be paid by the Board and \$100.00 per year for the remaining administrative years to be paid by the person returning to the Y.E.A.
- 9.434 Administrators who shall be hired from outside the district shall accrue no seniority in the Y.E.A. while an administrator.

All fees shall be paid to the Y.E.A. scholarship fund.

Teachers employed by the District after the opening day shall receive a prorated portion of the appropriate leave above.

10.200 Accumulation of Sick Leave Days

Sick leave days shall be accumulative from year to year, up to a total of 241 days. If a bargaining unit member has accumulated the contractually provided 241 days, they shall be credited with the additional 18 sick leave days at the beginning of the year but not allowed to accrue any days in excess of the agreed upon maximum accumulation at the end of each year.

10.300 Salary Adjustment for Worker's Compensation

An employee who is absent because of an injury or disease compensable under the Michigan Worker's Compensation Act shall receive from the Board the difference between the allowances under the Act and his/her regular salary for a period of time that the funds from the individual's accumulated sick leave allowance will provide for the duration of such absence during the school year. If the same absence continues into the succeeding school year, the Board shall begin to pay said difference as provided above.

10.400 Sick Leave Other than Personal Illness

Leaves of absence with pay chargeable against the teacher's sick leave allowance shall also be granted to regular full-time teachers for the following reasons:

10.410 Critical or Emergency Long-Term Family Illness

Illness in the immediate family (parent, step-parent, brother, sister, spouse, child, step-child, mother-in-law, father-in-law, or member of the teacher's household) when the teacher is absent to attend to the family member or to make arrangements for necessary medical or nursing care, not to exceed twenty (20) work days per school year.

10.420 Short-term Family Illness

Such days shall not be taken the day before or the day after a holiday or vacation period except in case of personal days requested for observance of religious holidays or for emergencies, which will be granted at the discretion of the Superintendent. Moreover, the Superintendent may upon written application, authorize the use of additional sick leave days for religious purposes. Not more than twenty (20) teachers, in order of application for sick leave, will be excused under this Section on any one day, and not to exceed ten (10) percent (or two (2) teachers, whichever is greater) of the faculty of any one building in any one day. Time necessary due to death of or attendance at the funeral service of a person whose relationship to the teacher warrants such attendance, at the discretion of the Superintendent. Leaves of absence of a specified duration are to be cleared with the Superintendent prior to the absence so that the Superintendent can reach a decision before the absence rather than being called upon to make a decision after the event.

10.500 Physician's Statement of Illness After Sick Leave

In the event of absence of a teacher for illness in excess of three (3) consecutive days, the Board may, at its expense, require a physician's statement of illness. In case of disagreement over the selection of a physician, services of recognized specialists at the University Hospital or St. Joseph's Mercy Hospital in Ann Arbor, or Ford Hospital in Detroit shall be utilized.

10.600 Involuntary Sick Leave

In order to protect the children of the district, upon the recommendation of the Superintendent, the Board may at its expense, require a teacher to take a physical or mental examination to determine whether involuntary sick leave is warranted. In case of disagreement over the selection of a physician, the services of recognized specialists at the University Hospital or St. Joseph's Mercy Hospital in Ann Arbor, or Ford Hospital in Detroit shall be utilized.

10.700 Sick Bank

A Sick Bank shall be established to which the members of the teaching staff may make voluntary contributions and withdrawals in accordance with the procedures herein established. The Sick Bank is designed to provide teachers with income protection in case of long-term major disability.

Membership in the sick bank shall be available to all employees within the bargaining unit on a voluntary basis.

10.720 Assessment of Days

A member may participate in the Sick Bank by assigning two (2) days from his/her personal sick leave accumulation. Further, membership shall be maintained by assigning at least one (1) day each year to the Sick Bank if the Sick Bank balance is below twice the number of participating members.

10.730 Open Period of Membership

Membership in the Bank will be available two (2) times each contractual year for thirty (30) days after the start of each semester. To join the Bank, an employee must execute the appropriate forms furnished by the Business Office. The actual deduction of days from an employee's accumulated sick leave will take place as of the second pay period and will be reflected in the accumulated sick leave statement given employees at that time.

10.740 Withdrawal of Days

Days contributed to the Sick Bank may not be withdrawn.

10.750 Board Liability

The Board is not liable for sick days under this Agreement in excess of those actually contributed by participating members. The Board will not be liable in any one year for a total number of Sick Bank days in excess of two (2) times the total members in the Sick Bank.

10.760 Assessment of Additional Days

If the Bank balance falls below fifty (50) days, additional days may be equally assessed and required of participating Bank members. Failure to meet the additional assigned days will constitute withdrawal of membership from the Bank. Exceptions to the above may be made for Bank members who have exhausted their sick days.

10.770 Limits on Use of Sick Bank

Withdrawal by an individual is limited to one hundred fifty (150) days per disability. Benefits from the Sick Bank cease at the end of the contractual school year and continuance of benefits may be requested for the succeeding school year as per Section 10.790. A single disability is defined as an incapacity that has been diagnosed by a medical doctor. The termination of a disability shall occur upon the diagnosis of a medical doctor and shall result in the employee returning to work and completing fifteen (15) consecutive days of employment.

10.780 Application for Sick Bank

To apply for Sick Bank, a member must comply with the following:

10.781 A member may draw from the Sick Bank only after his/her own accumulated sick leave has been exhausted.

- 10.783 If a member who applies to sick bank has used sixteen (16) or more of his/her own accumulated sick leave days during the illness for which he/she is requesting sick bank benefits, compensation will begin with the first day after the exhaustion of the member's sick leave.
- 10.784 If a member who has used less than sixteen (16) days of his/her own sick leave is disabled from five (5) to ten (10) consecutive work days after exhaustion of sick leave, compensation will begin with the third (3rd) day after exhaustion of sick leave.
- 10.785 If a member who has used less than sixteen (16) days of his/her own sick leave is disabled more than ten (10) days but less than fifteen (15) consecutive work days after exhaustion of sick leave, compensation will begin with the second (2nd) day of disability.
- 10.786 If a member who has used less than sixteen (16) days of his/her own sick leave is disabled fifteen (15) consecutive work days or more after exhaustion of sick leave, compensation will begin with the first (1st) day of disability, after exhaustion of sick leave.
- 10.787 A member who has received compensation from sick bank, has returned to work and has no accumulated sick leave, may upon request be granted additional days from sick bank for follow-up treatment which requires the member's absence.
- 10.788 Members applying must substantiate their disabilities with a medical doctor's statement.

10.790 Claims Procedure

Members must apply for sick bank prior to exhausting their sick leave in writing to the P. R. & R. Committee of the Y.E.A.. Failure to apply for sick bank prior to the exhaustion of sick leave will result in a loss of pay for the lapse of time between the last day of sick leave and the day of sick bank approval (except in the case of physical or mental inability.) Sick bank claim forms are available from the Office of Human Resources.

To be allowed, claims must receive the approval of both the P. R. & R. Committee and the Superintendent of Schools, or his/her designee, and are subject to periodic review by the P. R. & R. Committee and the Superintendent. When there is disagreement between the Association and the Administration, the Grievance Procedure shall be followed as in Section 18.250.

No bargaining unit member shall be docked pay under Sick Bank rules without prior notification of the Association.

Days may be borrowed for any use normally permitted by Article 10.000 of this Agreement; provided, however, that all limitations on the number of days which may be used for a specific purpose shall apply. All days borrowed shall be paid back by automatic deduction at the time sick leave for the following year is posted. No more than six (6) committee members representing the Administration will be appointed by the Superintendent. Contract language, based upon the committee's recommendations or amended through negotiations, will be included in the 2004-05 Master Agreement subject to bargaining or added as a Letter of Agreement therein.

14.100 Monitoring Teacher Performance

Observation of the work performance of a teacher shall be conducted openly. Any monitoring shall be with the full knowledge of the teacher.

14.200 Formal Evaluations

By October 15, the evaluating administrator will review the evaluation process and the evaluation instrument with all probationary and tenure teachers. Each formal evaluation of a teacher by an administrator shall include classroom observation. There shall be a minimum of thirty (30) minutes and a maximum of ninety (90) minutes of classroom observation for each formal evaluation, at least fifteen (15) of which shall be continuous. Formal evaluations shall not take place on the day before winter or spring breaks.

In those cases where a bargaining unit member provides services to more than one building, only one administrator will assume the evaluative responsibilities for that teacher. The teacher shall be informed of the name of the primary evaluating administrator no later than October 15. Nothing in this section shall prevent the primary administrator from soliciting input from the administrator of another building.

Evaluating administrators shall use forms provided in the Teacher Evaluation Handbook to evaluate all teachers. New forms will be jointly developed by the administration and the Association for use with part-time and/or non-classroom teachers.

14.210 Probationary teachers

The evaluating administrator will meet with each probationary teacher individually to help that teacher create his/her Individualized Development Plan (IDP). An IDP is a written plan of improvement. It includes target goals or outcomes and a projection as to how and when the teacher will meet the chosen goals. (A suggested form is in this document in Appendix F and will appear in the updated Teacher Evaluation Handbook.)

14.211 Observations of probationary teachers

Each formal evaluation of a probationary teacher by an administrator shall include at least one (1) classroom observation. Classroom observations shall be at least sixty (60) days apart unless shorter intervals are agreed to by the teacher and the administrator.

14.212 Timing of evaluations of probationary teachers

Since one of the purposes of the evaluation is the improvement of instruction, probationary teachers shall receive two (2) formal evaluations annually. The first evaluation will be completed no later than December 1; the second will be completed no later than March 31. Provided, however, a probationary teacher shall not be formally evaluated in the first four (4) weeks of employment. In the event of an unsatisfactory evaluation, additional evaluations may be scheduled before the expected tenure date.

14.220 Tenure teachers

Tenure teachers shall be evaluated at least once every three (3) years. The evaluation shall be based on two (2) classroom observations during the year in which the teacher is scheduled to be evaluated. Those teachers who are to be evaluated in a given year shall be notified by October 15. Tenured teachers shall receive a written copy of their evaluation no later than May 15.

Additions to the evaluation list may be made after October 15, in appropriate circumstances, at the discretion of the evaluating administrator. No formal observation shall take place until thirty (30) calendar days after such notification.

The OPR is included in the revised Teacher Evaluation Handbook. A conference to discuss the OPR will be scheduled at the request of either the teacher or the evaluating administrator.

14.400 Discussion of Evaluations

In addition, evaluations of probationary teachers will be discussed with said teachers within ten (10) work days of the written evaluation and before the evaluation is forwarded to the Superintendent. During this post-evaluation discussion, the probationary teacher and the building administrator will also review and if necessary revise the Individualized Development Plan (IDP).

Copies of tenure teachers' evaluation must be forwarded to the teacher upon completion. Tenure teachers shall have five (5) work days to request a meeting with the appropriate administrator to discuss said evaluation before it is forwarded to the Superintendent.

A tenure teacher whose overall performance is not satisfactory, as indicated on the last line of the evaluation, will meet with the administrator before the end of the current school year to write an Individualized Development Plan. The district must provide an IDP for all probationary teachers and for tenure teachers with an unsatisfactory evaluation, as required by the Amended Teacher Tenure Act, 1993.

14.500 Signing of Evaluation

Copies of all evaluations must be signed and dated by the teacher before they are forwarded to the Superintendent. This signature does not signify agreement or disagreement with the evaluation. In the event a teacher disagrees with a written evaluation, he/she has the option of placing his/her own written comments on the evaluation form; however, content of evaluations is not subject to the Grievance procedure.

14.600 Evaluation Review Committee

If an evaluating administrator and a teacher disagree on the content of an evaluation, the teacher may bring the problem to the Evaluation Review Committee. The teacher may be represented by the Association in the proceedings of the committee.

The Evaluation Review Committee shall be composed of two (2) administrators (appointed by the Superintendent) and two (2) teachers (appointed by the Y.E.A.).

This committee shall review the problem and report its findings in writing to the Superintendent for appropriate action. After final disposition by the Superintendent, copies of the report of the Evaluation Review Committee, along with the Superintendent's remarks, shall be distributed to the teacher, the evaluator and the teacher's personnel file.

A teacher who is assigned to provide assistance to another teacher who has requested to be or has agreed to be placed on an official program of Assistance may provide the administration with objective information about activities included in the Program of Assistance.

A Program of Assistance is one means by which a teacher can attempt to improve himself/herself as a teacher. It can be suggested by an administrator, or it can be requested by the teacher. The Program of Assistance may include coaching or mentoring for the teacher. It may also include visitations, workshops or other types of development programs. A Program of Assistance may be part of a teacher's IDP.

Participation in coaching, mentoring and other professional development programs shall be entirely voluntary subject only to the requirements of Section 3.200 of this Agreement.

14.710 The Association Unit Director shall be notified by the Director of Personnel and Labor Relations of the placement of a bargaining unit member on an official Program of Assistance and/or of a tenure teacher for who requires an IDP under the Revised Teacher Tenure Act, 1993.

14.720 The Association, through its unit director or his/her designee, shall be provided with the opportunity to participate in the development of any new or revised evaluation form.

Normally expected yearly evaluations of teaching performance are excluded from this clause, to the extent of the initial conference between the teacher and principal or other appropriate administrator. Should the teacher desire to review an evaluation further, he/she may request the presence of his/her Association representative at such subsequent review.

14.820 In order to provide union representation and/or counsel, the Building AR shall be notified immediately of any action that may result in discipline of a Y.E.A. member. The Association President shall receive a copy of any reprimand within three (3) work days. The teacher involved must sign all official written reprimands. The teacher's signature means only that he/she has received a copy of the reprimand, but does not necessarily imply agreement. In addition, the teacher shall have the option of placing his/her own written comments on the form and shall be supplied a copy of the reprimand.

14.830 Disposition of Verbal Reprimands

All administrative verbal reprimands, for the intended purpose of reprimand or disciplinary action, shall be issued in private. If said discussion is noted by the administrator and placed in the teacher's file, the teacher shall have the option of reviewing the note in accordance with Section 14.810 and 14.820. Upon request of the bargaining unit member, any reprimand placed in his/her file shall be removed and destroyed after three (3) years providing that there have been no other infractions of a similar nature during that period of time.

Any case of assault or battery, as defined in the District's Uniform Code of Student conduct, upon a teacher during the course of school activities shall immediately be reported to the Superintendent or his/her designated representative. Upon request, the Board will provide legal counsel to advise the teacher of his/her rights and obligations with respect to such assault and battery and shall fully cooperate with law enforcement and judicial authorities in the handling of the incident. This provision does not apply to the loss of money or damage to the teacher's automobile. Notification by the teacher that he/she has incurred expenses in accordance with the provisions of this Section shall be filed in writing by the teacher with the building principal within five (5) working days from the date of loss or damage. Failure to comply with this provision shall constitute forfeiture of any right or reimbursement under this Section, unless failure to comply was a result of the teacher's hospitalization.

15.400 Student Discipline

A teacher may exclude a pupil from his/her class for that particular class session that day when the pupil has committed acts of gross misbehavior, gross misconduct or gross persistent disobedience which makes the continued presence of the pupil in the classroom intolerable. In such cases, the teacher shall immediately report the exclusion to the principal and send the student to the office for appropriate action by the principal. A detailed written report will be provided to the principal by the end of the day. It shall be the responsibility of the teacher to contact the principal, or his/her designated representative, to determine the disposition of the case.

Problems concerning building and/or classroom conditions (i.e. heat, cooling (where air conditioning is available), ventilation, lights, building repairs, etc.) and cleanliness shall be brought to the attention of the principal in writing. The principal will investigate the problem. A written response noting the principal's findings and any action taken or pending shall be provided within ten (10) days from the date of the original complaint. 175 Student Days/182 Teacher Days

25.200 Scheduling of Make-Up Days for Snow Days

If in the course of the school year it has been necessary to cancel student contact hours because of the weather or other reasons specified in the School Aid Act causing the number of student contact hours to fall below the minimum mandated by the State of Michigan, the following procedure shall be followed. On May 1, or within three (3) days after, the Superintendent or his/her designee shall convene a meeting of representatives of the Board and the Y.E.A., selected by the respective parties, or adjust the calendar to provide for any hours which the District is legally required to make up.

Make-up days shall be added to the end of the year. Each day which is added shall be a half day of student contact and a half day of teacher work day. Each day so scheduled shall count as one student contact day. Exam schedules at the secondary level shall be adjusted so that the configuration of four half days and a final work day remains at the end of the year. Previously scheduled work days at the elementary level shall be re-scheduled to maintain their position relative to the preparation of report cards.

25.300 Exemption from Make-Up Days

Insofar as and to the extent which it is lawful to count as days of pupil instruction, days when pupil instruction is not provided due to conditions not within the control of school authorities such as due to severe storms, fires, epidemics or health conditions, it is agreed that the following school closing provision shall become immediately effective:

When a natural catastrophe or an employer directive forces the closing of school or other facility of the employer, bargaining unit members shall be excused from reporting to duty without loss of pay. Days lost due to school closing under the foregoing circumstances shall not be rescheduled.

To the extent that any other provision of the collective bargaining agreement, such as the school closing provision, school calendar or the like shall be inconsistent with the foregoing, such provisions shall be null and void as to the extent of the inconsistency.

26.000 TEACHER'S SALARY SCHEDULE

Beginning with the 1999-2000 school year, Step 1 has been removed from the Salary Schedule. Employees on Step 1 during the 1998-99 school year will move to the new Step 2. Employees hired for the 1999-2000 school year will begin on the new Step 2. The salary schedule will thereafter have ten (10) steps numbered 2-11.

Placement on the step and tracks of this salary schedule will be determined in accordance with the applicable section of Article 4.000 of this Agreement.

General Guidelines for the Staffing Process

While the Board of Education has the right to determine staffing levels, ratios, number of positions, and distribution, the Board agrees to set a staffing meeting with the Y.E.A. each spring to discuss the actual staffing as set forth in the following procedures:

1. Reductions will take place, whenever possible, by reducing from the bottom of the seniority list the number of teachers actually being reduced by the Board.
2. A lottery will be held for teachers of equal seniority, when needed.
3. Teachers affected by program and staffing reductions will be listed by building.
4. A determination will be made on openings and/or vacancies.
5. A determination will be made on whether there are teachers, fully qualified and certified, who can fill these vacancies.
 - A. Teachers who have been displaced and who are not among those identified in No. 1 above will be examined first.
 - B. Identify teachers who could fill openings and whose positions could be filled by those teachers whose position has been reduced.
 - C. Examine voluntary transfers to determine this impact on total staffing.
6. In implementing No. 1, if any teacher to be reduced (laid off) holds a position that cannot be filled by a higher seniority teacher, that teacher will be retained.
7. Verify that all teachers left on layoff are the least senior in their positions.
8. Involuntary transfers may be utilized to help reduce the lowest seniority employees.

After the staffing meeting has been completed the Executive Director of Human Resources or his designee will notify staff informally as soon as possible of staffing changes. Official notification will be made once the Board of Education acts on the reductions.
